

MATURALIED

(Nach der Melodie des „4 Chord Songs“ von Axis of Awesome)

Your life is brilliant, your love is pure.
You saw an angel, of this we're sure.
Forever young, you wanna be forever young.

Angfangt hats vor knapp 4 Jahr,
4 Jahr, wo ganz sche vü los war.
Am Anfang in der Fünften
We're not pretending,
Spital und Coaches und Ping
Jetzt: Happy ending.

Cause you are amazing,
You did amazing things:

Kenia, Blitzkopf a,
Fußballturnier habts a gwunna.

Can you feel, the love tonight?

In da Sechsten dann,
War Cambridge dra-a-an.
Im Wohnzimmer
A Pole Dance Sta-a-ang.

Pictures of you, pictures of me,
hung upon your wall for the world to see.
'cause we can't live, with or without you.

kriegs-müde, Henry Duuuu-nant,
Projekt-wochen,
(gesprochen:) so vü Erinnerungen san nu immer daaaa.

(DOUBLE TIME)

Und dann in der siebten Kla-ass',

ja da beginnt der VWA-Spaß
Sometimes you feel like you don't have a partner.
In Wels die Mikroskopie, und Verona,
Und Geschichte aufarbeiten, yeah yeah.

Rescue me, Teil 2,
It surely is a dream,
Nicht nur in der Spinnerei Traun.
Auch noch in Bad Hall und im ABC Ansfelden.

Take on me, (When I come around)
Take Me On, (When I come around)
I'll be gone
In a day or, two.

Sportwoche (Des bissl Regen hat nu nermt was 'tan)
Kenia (Des bissl Regen hat a do net gstört)

'Cause we're not here for your education,
we just really wanna mess with you tonight.
Diskussion, im Landtag, in Gallneukirchen und dann,
auch in Prag, Junior Service - let's go party!

Ton und auch das Licht, die Technik, die Technik.
O Tri-po-lo-ski (woo-hoo),
Adidas Gosovski (woo-hoo),
You're gonna leave us (woo-hoo-oh-oh-oh).

Take your controller, take your controller,
Take your controller, to the FIFA-Turnier.
Take your controller.

Am Beginn der Achten: Zorn,
You were out of faith,
Maturaball als Ziel,
Die Arbeit war sehr viel,
lying drunk on the floor.
Eure Pläne really changed,
into something real,

You're wide awake and we could see:
You're more than just stressed
You're more than depressed:
V-W-AAAA-AAAAA,
Ma-tu-raaa-aaaa
Und jetzt sitzt's ihr da-aaaa.

(STOP)

Doesn't that sound familiar,
doesn't that sound too close to home
doesn't that make you shiver,
the way things could have gone.
And doesn't that seem peculiar,
'cause everyone wants a little more,
there's many things you'll remember,
now you got this far:
Gratulation zur Ma-tu-raaaaa!
