

## RUN4KENIA

Yesterday there was the charity run “run4kenia” at our school. There were 3 professional runners, Henry, Paul and Lucy from Kenya. We ran for one hour. At the end of the run we were very, very tired and we couldn’t feel our feet anymore but we still had to go back to school because our schoolbags were there! So we went back and took our bags. We all wanted to sleep but we dragged ourselves to the bus stop. It was an exhausting but also a very nice day.

Marie, 1f

The “run4kenia” was on the 9<sup>th</sup> of June. It was a rainy day. Hannah and I ran 22 laps. It was really hard but also very funny for us. Hannah’s grandfather was there and gave us all we needed. I was very happy. Before the run started, we asked Paul – one of the Kenyan runners – some questions. He is a really nice and famous person and I got his signature on my trainers!

Lea, 1f

On the 9<sup>th</sup> of June was the “run4kenia” charity run for kids in Kenya. We had to run laps. Our school pays children the private school in Africa. After the run we were all exhausted. A day after the charity run our feet and legs hurt but it was a wonderful day! We hope we can help many children in Africa.

Lena, 1f

On the 9<sup>th</sup> of June was the “run4kenia” event. Me and my friends were in the stands and cheered for our classmates. It was a bit boring for us so next time we will run as well.

After the run we went back to school. It was actually a good day.
